

MEASURE RITE®

Volumetric Truck Meter

FOUR DIFFERENT MODELS FOR ACCURATE W/C TRACKING

Models MR1, MR1-R (Remote Display), MR1-P (Pulse Output), and MR1-B (Battery)

The *MEASURE RITE*® Meter is designed for use in the demanding Ready-mix industry and with four different models, can address the quality control gaps that still remain in your process.

The MR1, MR1-R and MR1-P truck mounted units allow accurate tracking of all add-water by the driver. The MR1-B permits accurate tracking of all Temper and Slump-Rack water usage without the need for an external power supply.

Model MR1
